Once logged in, you will see an option that says 'Digital Pass'. Click this option and add the pass to your mobile wallet. The pass will have the ticket loaded so on the day of the game, enter via the correct entrance by scanning the pass.

After the game, you will need to go into your phones wallet and remove the pass. Please also double check that the pass has been removed from the expired passes section.

I will be present on the day, if you have any issues, please call me on 07301108580
