

Hi

Thank you for your purchase.

You will have received the links for your order. Please click these links to add the tickets to your smartphone.

Upon arrival at the ground, simply scan the QR on the scanning machine at the turnstile. This will gain you entrance to the stadium. Then follow the block and seat details on the tickets.

The tickets will not be in your names but this is not a problem.

Should you have any issues, please feel free to contact me on +447301108580. Please do not speak with the stewards or go to the ticket office under any circumstance.

Enjoy the game.
